1950 Richmond Road,
44124.

Services also
available in:

Beachwood

Cleveland
(main campus)

Marymount Hospital

Strongsville

Westlake

Feel Your Best!

Our lives can make us sick. Hostility, depression and loneliness can contribute to heart disease. Stress can exacerbate infections, fibromyalgia and asthma. High-fat diets can lead to coronary disease and cancer. Obesity is a major factor in the development of type 2 diabetes and hypertension.

Integrative medicine – services such as acupuncture, massage, nutritional counseling, weight management classes, reiki, yoga, Qi Gong and tai chi – can help you take greater control of your health and feel your absolute best.

Who Can Benefit?

Almost everyone. Patients can use integrative medicine to improve their quality of life and reduce the frequency and severity of many chronic problems, including heart disease, back pain, cancer, fibromyalgia, headaches/migraines, asthma, diabetes, arthritis, irritable bowel syndrome, hypertension, psoriasis, multiple sclerosis, obesity, stress, menopause, shingles, chronic fatigue and post-traumatic stress disorder.

Why Cleveland Clinic?

When you choose Cleveland Clinic for these services, you know you are seeing quality providers who meet the highest standards in their field. All practitioners work together with Medical Director Tanya Edwards, M.D., who is available for consultation appointments to help you develop an overall plan to achieve your treatment goals.

Take Advantage of our 10 Percent Discount

Cleveland Clinic's Center for Integrative Medicine is giving a 10 percent discount on its services to all members of ERC and their immediate family members.

This discount is available for employers that are ERC members only. Please mention this ERC discount and your employer's name when scheduling your appointment and when signing-in on your appointment date.

Additionally, flexible spending account money can be used to help pay for services with pre-tax dollars, making them even more affordable.

Many of our services are available “on site” for your employees at the same discounts. Ask us how we can bring our programs into your workplace today!

Integrative medicine incorporates complementary and alternative forms of medicine with traditional medicine to address health issues. At Cleveland Clinic's Center for Integrative Medicine, we combine the best modern medicine with research-proven complementary approaches to prevention and healing.

Either ERC or Cleveland Clinic can terminate this offer at any time.
